» Chairman's Message

Dear Stakeholders,

It is my pleasure, once again, to be in your midst and I hope all of you are in good health and spirits.

Let me begin by sharing with you my perspective of the current situation around us.

The second wave of the Covid-19 pandemic has ebbed leaving behind a trail of pain and suffering. Safety of our employees and their families was our main concern. Your company took all steps to provide a safe working environment and full support to all our employees during this turbulent period. My heart goes out to all the families who have been impacted by this health crisis.

Our second priority was to ensure that our customers lines run smoothly and there is no default from our side.

I am thankful to all our employees for their unrelenting support for keeping the company operations smooth and for meeting all the demands of our customers, despite the odds.

Due to various disruptions, the automotive industry has been facing high raw material prices, logistic issues, and semiconductor shortage, as the demand for semiconductors shot up due to Covid.

Our world is currently plagued with multiple challenges.

Global economy is facing risk of widespread stagflation and is expecting a slowdown.

A huge challenge today is the Russia Ukraine conflict. It has resulted in high prices of petroleum products, edible oils, food, energy shortages, high energy prices, supply chain disruptions, etc.

India too may have to face the short-term challenge of slowing growth and higher inflation.

On the positive side, India's manufacturing is set for long-term growth and gain a major share of global manufacturing output aided by:

- Infrastructure improvements which are helping drive down macro costs and improve reliability of supplies, and
- A supportive global environment – as various countries are looking to broad base supply sources away from China, and
- India's increasing focus on import substitution.

According to the changing times, your company is being restructured for both organic and inorganic growth.

In the automotive space, your company has been continuously adding new customers, more value-added products and expanding our operations, near to, the customers to meet their current & future needs.

We have increased our market share with our existing customers and started supplies to new customers. Your company has been regularly appreciated by our customers for our customer centric approach.

» Chairman's Message

In the EV vertical, we have setup lithium-ion battery lines for 2/3 Wheelers. This vertical is helping us in increasing the EV customers interest for development of plastic injection moulding tools, as well as plastic, and rubber parts for their vehicles. It has facilitated in making your company a big solution provider.

Leveraging our tooling facilities, your company has added new customers in automotive segment, white goods, and medical segment. We have established ourselves as one of the leading manufacturers of plastic injection mould and tooling in the country.

New ventures in aftermarket business have been getting good traction. We have been expanding our footprint across India to capitalise on the aftermarket demand.

Your company's sustainability performance is closely monitored.

At PPAP, we do more than comply with all statutory requirements set by the regulatory authorities in the true letter and spirit. We have set our foot on our ESG journey with the objective of running our operations sustainably and responsibly.

Your company's first Sustainability report for FY20 ranked seventh among Asian Sustainability Reports in the category of first-time reporting. The report defines the initiatives which your company has taken in environment, social and governance

Through our CSR activities, we are consistently focusing on Environment, Education and Health. We are supporting various biodiversity parks in New Delhi to plant and sustain native trees to improve the environmental conditions.

We are completely poised with dynamism and resilience to navigate through the volatile environment due to our relentless focus on global level excellence, in each area, of our operations.

Going forward, the demand for our products is improving owing to preference for personal mobility.

Our customers are launching new models and are making efforts to achieve record production.

It is expected that the semiconductor shortage, supply chain issues, along with high raw material prices, would ease out soon leading to our improved financials.

During FY22, revenue of your Company has grown by 27.4% on standalone basis and 30.9% on a consolidated basis. The consolidated EBITDA witnessed an increase of 17% during FY22 and stood at ₹ 38.6 Crores.

Your Board has recommended a final dividend of 15%, which is ₹1.5 per equity share.

Before I conclude, I would like to thank all our stakeholders for their cooperation and support.

I would like to start by thanking you, my dear shareholders, for your trust and confidence, to my colleagues in the Board for their relentless support and for always sharing their wisdom with us, to my customers due to whom, we exist; to my employees who never leave any stone unturned, and to my suppliers for their uninterrupted supplies.

Once again, a big thank you to everyone.

Ajay Kumar Jain

EXPLANATORY STATEMENT AS REQUIRED UNDER SECTION 102(1) OF THE COMPANIES ACT, 2013.

ITEM NO. 4 & 5

The managerial remuneration paid to Mr. Ajay Kumar Jain (DIN:00148839), Chairman and Managing Director and Mr. Abhishek Jain (DIN:00137651), Chief Executive Officer & Managing Director of the Company ("said Directors") for the financial year 2021-22 exceeded the limit under section 197 of the Companies Act, 2013 ("the Act").

The financial year 2021-22 has posed several challenges to the business due to COVID-related disruptions, geopolitical disruptions and most importantly, semiconductor chip shortage. As a result, the Company had inadequate profits in financial year 2021-22 for the purpose of payment of remuneration to Mr. Ajay Kumar Jain and Mr. Abhishek Jain.

Despite the challenging operational environment, the Company reported a revenue growth of 27.4% on stand-alone basis and 30.9% on a consolidated basis. While the Company continued to make payment of dividends to the shareholders, no increments including commission were given to Mr. Ajay Kumar Jain and Mr. Abhishek Jain.

The Board of Directors of the company upon recommendation of Nomination and Remuneration Committee at their meeting held on 13th May, 2022, subject to the approval of members of the Company, approved waiver of recovery of excess managerial remuneration of ₹76.48 Lakhs (Rupees seventy-six lakh and forty-eight thousand only) each paid during the financial year 2021-22 to Mr. Ajay Kumar Jain

and Mr. Abhishek Jain, which exceeded the limits specified under section 197 read with Schedule V of the Act to the extent as aforesaid, due to inadequacy of profits in the said financial year.

Thus pursuant to Section 197(10) of the Act, the members of the Company, may ratify and confirm waiver of recovery of excess managerial remuneration of ₹ 76.48 Lakhs (Rupees seventy-six lakh and forty-eight thousand only) each, paid during the financial year 2021-22 to Mr. Ajay Kumar Jain and Mr. Abhishek Jain, which exceeded the limits specified under section 197 read with Schedule V of the Act to the extent as aforesaid, due to inadequacy of profits in the said financial year.

The Board of Directors of the company recommends the item no. 4 & 5 of the notice as a special resolution.

Mr. Ajay Kumar Jain and Mr. Abhishek Jain are interested in the item no. 4 & 5 of the notice respectively. The relatives of Mr. Ajay Kumar Jain and Mr. Abhishek Jain may be deemed to be interested to the extent of their shareholding, if any in the company.

Save and except the above, none of the other Directors/ Key Managerial Personnel of the company/ their relatives are, in any way, concerned or interested, financially or otherwise at item no. 4 & 5 of the notice.

ITEM NO. 6 & 7

PPAP Automotive Limited acknowledges that its growth may be attributed to the direction and contributions of the employees and would therefore like to provide them the option to participate and share in the wealth created similar to other stakeholders i.e. clients, investors, governments, and society. As a gesture aligned to this objective, an Employee Stock Option Scheme (“ESOP 2022” / “Scheme”) shall be implemented to:

- a. To promote success of the Company by rewarding and motivating the employees;
- b. To attract and retain talents;
- c. To link interests of employees with shareholders;
- d. To foster ownership; and
- e. To reward for loyalty.

Pursuant to section 62(1)(b) of the Companies Act, 2013 read with Regulation 6 of the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021, (SEBI (SBEB) Regulations, 2021) the Company seeks your approval for implementation of the Scheme and grant options thereunder to the Eligible Employees.

Subject to the members approval and approval from any other authorities, if any, the Board of the Directors of the Company and its empowered committee, vide their respective meetings held on 10th August, 2022 have approved the proposed Scheme, features of which are specified under:

S. No	Particulars	Description
1.	Brief description of the Scheme	<p>The proposed Scheme seeks to reward eligible employees by way of granting options, which when exercisable results in equivalent equity shares of the Company, with a view to reward their association and loyalty which has resulted in corporate growth and value creation over a long period of time. The Scheme would motivate them for ensuring higher corporate growth and creation of value for all stakeholders.</p> <p>The Company shall issue options to the eligible employees, which may be accepted by them within the grant period. Upon acceptance of the offer, the eligible employees shall be required to satisfy the vesting conditions specified in the ESOP 2022 and make payment of the exercise price and applicable taxes within the exercise period.</p> <p>The Nomination and Remuneration Committee or any other empowered committee of the Board of Directors of the Company, as constituted or reconstituted, shall act as the Compensation Committee (“Committee”) for the superintendence and undertaking the general administration of the Scheme. All questions of interpretation of the Scheme shall be determined by the Committee and such determination shall be final and binding upon all persons having an interest in the Scheme.</p>

2.	The total number of options to be offered and granted;	<p>The maximum number of options to be granted shall not exceed 7,00,000 (Seven Lakhs) employee stock options.</p> <p>As per the SEBI (SBEB) Regulations, 2021 in case of any corporate action(s) such as sub division, consolidation of shares, rights issues, bonus issues, reorganisation of capital structure of the Company and others, the Committee shall adjust the number of shares available for offer and purchase price payable by the eligible employees in such a manner that the total value of shares available for offer remain the same after any such corporate action(s).</p>

CORPORATE GOVERNANCE REPORT

Company's Philosophy on Corporate Governance

PPAP Automotive Limited's ("PPAP" or "Company") philosophy for corporate governance is aimed at achieving the highest standards of corporate governance, accountability, sustainability, and compliance of all the laws, in the letter and spirit.

We continuously follow ethical standards in all our business transactions which are guided by the Company's culture, our principles, and our value system. The Company continues to implement national, as well as, international corporate governance practices, in order to achieve global level excellence in its functioning and to provide long-term value to its shareholders, stakeholders and to our society.

The values of our Company are integrity, respect, innovation, openness, transparency, excellence, teamwork, responsibility, accountability, trust, honesty and safety. The Company strongly believes that effective and good corporate governance practices build a strong foundation of trust and confidence which in turn attracts superior human capital which leads to sustainable and exceptional financial performance.

The Company continuously endeavors to improve all aspects of its business operations and adopts innovative approaches for leveraging all our resources, converting challenges into opportunities through empowerment and motivation of our human capital enabling the Company a higher growth trajectory.

Governance Structure

The Company's governance practices are based upon self-performance and self-governance by all employees, depicting our culture of the trusteeship which is deeply ingrained in our culture, our principles and our value system.

The Company is driven by the directions set by its Board of Directors who align the Company's purpose of existence with the short-, medium and long-term expectations of its shareholders, as well as its stakeholders.

The Board along with its sub committees, reviews the performance of the Company periodically and guides the management. The Board has established a framework of prudent and effective controls, which enable the risks to be assessed timely and prudently managed. The Board oversees how the management and the leadership team work according to the established principles, the culture and the values of the Company. The Board acts as a mentor to our management and gives its wisdom and valuable insights to overcome current and future challenges and to constantly outperform the competition.

The leadership team of our Company percolates the directions set by the Board throughout the organization, through policy deployment, responsibility and accountability matrix, daily work management, plan, check, act and reviews etc. This structure ensures that the entire organization is aligned to the common goal of challenging the status quo to achieve breakthrough results.

In line with the above, the Company has formed three tiers of corporate governance structure:

Board Leadership

PPAP is led by an effective and entrepreneurial Board. The Board defines the Company's purpose, its culture, its principles, its value systems and sets the strategies to deliver superior results. The Board articulates the business model, strategies, and the approach to risks and their mitigation. It takes measures for the short, medium and long-term success, future value creation and future viability of the Company considering the technological changes, geopolitical threats, environmental impacts, changing shareholders' and stakeholders' expectations, etc. The Company's operational and financial performance, statutory and regulatory compliances are reviewed by the Board from time to time. The Board also focuses on idea generation for business growth, opportunity identification, breakthroughs, and innovation. It identifies good and excellent business practices that can make our work culture constantly healthy and agile.

Board Committees

The Board Committees play a crucial role in the governance structure of the Company and have been constituted to deal with specific activities which concern the Company and need a closer and systematic review. The Board Committees are set up with the approval of the Board. There are four committees set up by Board:

1. Audit Committee;
2. Stakeholders Relationship Committee;
3. Nomination & Remuneration Committee and
4. Corporate Social Responsibility Committee.

Leadership Team

The leadership team of the Company is responsible for the execution of the directions set by the Board. They are empowered to take decisions in their respective domains to discover out of the box solutions to achieve the breakthrough results.

BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORT

PREFACE

The Securities & Exchange Board of India (SEBI) through a notification dated 5th May 2021 has made amendments to certain provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (LODR). As per the notification, companies would be required to submit a new report on ESG parameters, namely Business Responsibility and Sustainability Report (BRSR). The Indian capital markets regulator, SEBI, shall get credit for taking the lead in developing the BRSR framework. It is a comprehensive framework, which calls for more measurable, quantitative metrics to facilitate better benchmarking. For the top 1,000 Indian listed entities based on market capitalisation on the BSE Limited and National Stock Exchange of India Limited, are required to submit a Business Responsibility and Sustainability Report (BRSR). The BRSR is voluntary for Financial Year 2022 and mandatory from Financial Year 2023 onwards.

PPAP initiates voluntary disclosure of BRSR for Financial Year 2021-22, providing information on key business environment, social and governance responsibility initiatives undertaken by the Company. The ESG performance of the Company is assessed quarterly by PPAP's Top management.

We are dedicated towards developing engagement with our stakeholders to achieve our mission to be a global level excellence company.

Based upon self-assessment by value chain partners as a part of supplier manual agreement.

5. Provide details of any corrective actions taken or underway to address significant risks/ concerns arising from the assessments at Question 4 above.

No significant risks/concerns observed in the self-assessment taken by suppliers.

Principle 6: Businesses should respect and make efforts to protect and restore the environment

Essential Indicators

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	FY 2020-21	FY 2021-22
Total electricity consumption (A)- Giga Joules	31207	42981
Total fuel consumption (B)-Giga Joules	5955	6757
Energy consumption through other sources (C)-Giga Joules	919	2072
Total energy consumption (A+B+C)- Giga Joules	38081	51810
Energy intensity per crore of turnover -Giga Joules/Cr. of Sales	135	128

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

No designated consumers entity in PPAP.

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2020-21	FY 2021-22
Water withdrawal by source (in kilolitres)		
(i) Surface water	-	-
(ii) Groundwater	29617	31896
(iii) Third party water	9821	12286
(iv) Seawater / desalinated water	-	-
(v) Others	-	-
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	39438	44182
Total volume of water consumption (in kilolitres)	39438	44182
Water intensity per crore of turnover (Water consumed/ turnover)	139	109

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Yes, PPAP has implemented a mechanism for Zero Liquid Discharge. The wastewater generated from cooling towers was previously drained out in municipal drains, it is currently being stored in underground storage tanks and then used for gardening. The wastewater is recycled in-house and reused for various purposes including (but not limited to) the following:

- Water is being reused from the cooling extrusion for the greenbelt development and horticulture.
- An automated filling system is provided for the cooling tower tank & corporation water tank, leading to zero water wastage and saving around 1.3 KL after adopting the said technique.
- Rainwater harvesting tanks are installed to recharge the groundwater.

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Unit	FY 2020-21	FY 2021-22
NOx	Kg	408	689
SOx	-	-	-
Particulate matter (PM)	Kg	43	45
Persistent organic pollutants (POP)	-	-	-
Volatile organic compounds (VOC)	-	-	-
Hazardous air pollutants (HAP)	-	-	-
CO	Kg	246	523

Note: Assurance of environmental performance is under process.

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2020-21	FY 2021-22
Total Scope 1 emissions	Metric tonnes of CO2 equivalent	380	423
Total Scope 2 emissions		6731	9432
Total Scope 1 and Scope 2 emissions per crore of turnover		25	24

Note: Assurance of environmental performance is under process.

7. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.

Yes, reduction of resources forms an integral part of PPAP's continuous focus on reducing its carbon footprint on the environment.

- Smart control over air conditioners (timer provided) leading to 2592 kWh energy saving of per year consumption.
- Various in-house energy efficient machines installation saves the energy consumption of 331,300 kWh per year, respectively.

8. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2020-21	FY 2021-22
Total Waste generated (in metric tonnes)		
Plastic waste (A)	296	815
E-waste (B)	-	1.01
Bio-medical waste (C)	-	-
Construction and demolition waste (D)	-	-
Battery waste (E)	-	-
Radioactive waste (F)	-	-
Other Hazardous waste. Please specify, if any. (G)	4.4	4.4
Other Non-hazardous waste generated (H). Please specify, if any.	474	304
Total (A+B + C + D + E + F + G+ H)	774	1124
For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)		
Category of waste		
(i) Recycled	773.5	1033
(ii) Re-used	0.3	0.2
(iii) Other recovery operations	-	-
Total	774	1033.2
For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)		
Category of waste		
(i) Incineration	0.5	1.87
(ii) Landfilling	-	0.05
(iii) Other disposal operations	-	-
Total	0.5	2

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

PPAP recognizes that the natural resources are finite and therefore need to be conserved and recycled. In the endeavour to achieve the same it continues to evaluate opportunities for technology upgradation, improved processes for waste reduction. PPAP always focuses on 5R concept (Refrain, Reform, Reduce, Reuse and Re-cycle). PPAP has installed the bio-composter for canteen waste and recycle the food waste produced by PPAP. PPAP is using reclaimed packaging materials in the form of bins that will return from the customer, eliminating the need for single use packaging. The same bins will be reused until the end of their life cycle.

PPAP follows the international standard of materials as per IMDS and verify the SOC/ POP free material to protect against any toxicity.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format: NA

11. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year: NA

12. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

Yes, PPAP gives highest priority to ensure environment-friendly practices, having all valid consent to operate (Air & Water), Hazardous waste authorization by concerned pollution control boards, ensuring compliance with applicable environmental laws, rules, regulations, and guidelines.

Leadership Indicators**1. Provide break-up of the total energy consumed (in Giga Joules) from renewable and non-renewable sources, in the following format:**

Parameter	FY 2020-21	FY 2021-22
From renewable sources (Solar Power)		
Total electricity consumption (A)	919	2072
Total fuel consumption (B)	-	-
Energy consumption through other sources (C)	-	-
Total energy consumed from renewable sources (A+B+C)	919	2072
From non-renewable sources		
Total electricity consumption (D)	31207	42981
Total fuel consumption (E)	5955	6757
Energy consumption through other sources (F)	-	-
Total energy consumed from non-renewable sources (D+E+F)	37162	49738

2. Provide the following details related to water discharged:

Yes, PPAP has implemented a mechanism for Zero Liquid Discharge. The waste water generated from cooling towers was previously drained out in municipal drains, it is currently being stored in underground storage tanks and then used for gardening. The wastewater is recycled in-house and reused for various purposes including (but not limited to) the following:

- Water is being reused from the cooling extrusion for the greenbelt development and horticulture.
- An automated filling system is provided for the cooling tower tank & corporation water tank, leading to zero water wastage and saving around 1.3 KL after adopting the said technique.
- Rainwater harvesting tanks are installed to recharge the groundwater.

3. Water withdrawal, consumption, and discharge in areas of water stress (in kilolitres):

For each facility / plant located in areas of water stress, provide the following information:

- (i) Name of the area: Delhi NCR, Chennai (Tamil Nadu), Ahmedabad (Gujarat), Pathredi (Rajasthan).
- (ii) Nature of operations: Manufacturing of Automotive sealing parts (Extrusion, Injection Moulding, Assembly).
- (iii) Water withdrawal, consumption, and discharge in the following format:

Parameter	FY 2020-21	FY 2021-22
Water withdrawal by source (in kilolitres)		
(i) Surface water	-	-
(ii) Groundwater	29617	31896
(iii) Third party water	9821	12286
(iv) Seawater / desalinated water	-	-
(v) Others	-	-
Total volume of water withdrawal (in kilolitres)	39438	44182
Total volume of water consumption (in kilolitres)	39438	44182
Water intensity per crore of turnover (Water consumed / turnover)	140	109
Water intensity (optional) – the relevant metric may be selected by the entity		
Water discharge by destination and level of treatment (in kilolitres)		
(i) Into Surface water		
- No treatment		
- With treatment – please specify level of treatment		
(ii) Into Groundwater		
- No treatment		
- With treatment – please specify level of treatment		
(iii) Into Seawater		NA
- No treatment		
- With treatment – please specify level of treatment		
(iv) Sent to third parties		
- No treatment		
- With treatment – please specify level of treatment		
(v) Others		
- No treatment		
- With treatment – please specify level of treatment		

4. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Currently, PPAP is only mapping its Scope 1 and Scope 2 emissions & its intensity. However, in future, PPAP will consider the mapping of its Scope 3 emissions.

5. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

NA

6. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

S. No.	Initiative undertaken	Details of the initiative	Outcome of the initiative
FY 2020-21			
1.	Energy Conservation Initiatives	Various energy efficient technology has been installed inside the machines.	It saves 267959 kWh units per year of energy consumption
		Smart control over air conditioners (timer provided)	It saves 2592 kWh units per year of energy consumption
		Timer provided for streetlights & canteen cooler	It saves 288 kWh units per year of energy consumption
FY 2021-22			
2.	Waste Management Initiatives	Various energy efficient technology has been installed inside the machines.	It saves 63341 kWh units per year of energy consumption
		All the hazardous waste and E-Waste generated at the site is disposed of to the Treatment, Storage, and Disposal Facility (Bharat Oil and Waste Management Limited) and authorised agency (NAMO e-waste) respectively. Non-hazardous waste is being sold to scrap dealers for recycling. In addition, an organic bio composter is installed at the plant to treat domestic waste, which prepares manure as the final product used in gardening.	

7. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes, PPAP has a well-defined risk, business continuity and disaster management plan. Principle 9: Businesses should engage with and provide value to their consumers in a responsible manner

Essential Indicators

- 1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.**
PPAP supplies to Original Equipment Manufacturers (OEMs) and there is no direct visibility for the end user. However, PPAP has a customer complaint handling system based on IATF16949:2016 and business policy of each customer. PPAP provides immediate containment action and awareness training to all concerned team members to stop out flow of suspected material to the customers. Detailed countermeasure with simulation and 4M/why-why analysis is shared with customer within two weeks from the date of complaint received. After receiving effectiveness confirmation of action, PPAP does the horizontal deployment of the action taken wherever possible and standardize the standard operating procedure and related documents. No customer complaints are pending at the end of financial year 2020-21.

2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

Product/Services	As a % to total turnover
Environmental and social parameters relevant to the product	
Safe and responsible usage	NA
Recycling and safe disposal	

3. Number of consumer complaints in respect of the following:

	2020-21			2021-22		
	Received during the year	Pending resolution at end of year	Remarks	Received during the year	Pending resolution at end of year	Remarks
Data privacy						
Advertising						
Delivery of essential services			Nil			
Restrictive Trade Practices						
Unfair Trade Practices						

Note: PPAP supplies to Original Equipment Manufacturers (OEMs) and there is no direct visibility for the end user.

4. Details of instances of product recalls on account of safety issues:

	Number	Reasons for recall
Voluntary recalls	Nil	NA
Forced recalls	Nil	NA

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.

Yes, PPAP has policy for cyber security and certified ISO 27001: 2013. Web-link of the policy is as follows: https://www.ppapco.in/assets/pdf/policies/Privacy_policy.pdf

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.

Leadership Indicators**1. Channels / platforms where information on products and services of PPAP can be accessed (provide web link if applicable).**

Information on products and services can be availed from the official website of PPAP. Link for the same is as follows: <https://www.ppapco.in/>

2. Steps taken to inform and educate consumers, especially vulnerable and marginalised consumers, about safe and responsible usage of products and services

PPAP supplies to Original Equipment Manufacturers (OEMs) and there is no direct visibility for the end user. Safe and responsible usage of product ensured by collaboration of OEM customers with their terms of manufacturing and delivery of products.

3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services

PPAP supplies to Original Equipment Manufacturers (OEMs) and there is no direct visibility for the end user. However, PPAP has contingency plan of covering the risk of disruption/discontinuation of essential services and very well informed to all customers.

4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/ Not Applicable) If yes, provide details in brief.

Not applicable, as PPAP supplies to Original Equipment Manufacturers (OEMs) and there is no direct visibility for the end user. However, PPAP displays product label on part by laser printing as per customer requirements. The label displays information related to part manufacturing date, time and material used. We also provide details about the material used to customer like SOC (Substances of Concern) free, Conflict Mineral free, POP (Persistent Organic Pollutants) free and compliance with RoHS (Restriction of Hazardous Substances).

5. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)

Not applicable as PPAP supplies to Original Equipment Manufacturers (OEMs) and there is no direct visibility for the end user. However, PPAP engages with its customers at various platforms to understand their expectations and has a well-defined system to measure customer satisfaction at regular intervals. Customer satisfaction are one of the most important factors of any business. Customer Satisfaction trends are compiled, monitored, and reviewed by top management on a periodic basis and action plans are discussed with customers.

6. Provide the following information relating to data breaches:

a. Number of instances of data breaches along-with impact

Nil

b. Percentage of data breaches involving personally identifiable information of customers

Nil

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Global Economy

FY22 marked the global economy recovery from the Covid-19 pandemic with many parts of the world lifting restrictions and several economies returning to their pre-Covid-19 position. However, Russia's invasion on Ukraine and economic sanctions resulted in escalated energy costs, supply-chain disruptions and record high inflation. As a result, the world economy is going through an uncertain period.

Indian Economy

India's GDP grew at 8.7% in the FY22, as per the data released by the National Statistical Office (NSO). GDP shows growth after the Covid-19 pandemic in 2020.

Among the G-20 economies, India is the fastest growing economy. It has the capability to prove it is a 'reliable partner' for the world. India is currently No. 2 on the Global Retail Index.

In the recent turn of events, the Reserve Bank of India (RBI) raised the repo rate – the rate at which it lends money to commercial banks - by 40 basis points to 4.4% in May 2022. The rate had been reduced to a record low of 4% during the Covid-19 pandemic.

Auto Industry

The Indian automotive industry is one of the key drivers of economic growth in India and contributes to 7.1% of the GDP. Due to its deep integration with other industrial sectors, it is a major driver of exports and employment.

The transition from Internal Combustion Engine (ICE) to battery powered electric vehicle (EV) is happening at a rapid pace. The Government has made a significant policy push by promoting the upcoming EV segment. Huge investments in electrical architecture are getting in place, such as battery development, electrification, e-motors, and power electronics.

Although the automotive industry and the auto component industry have been recovering from a difficult challenge including high raw material prices, logistic issues, and semiconductor shortage but with the help of the Government and innovation, this sector will soon have a bright future.

Group Overview

PPAP Automotive Limited commenced its business in 1978 and entered the automotive component business in 1985 with the start of operations of Maruti Suzuki in India. Since then, the Company has been expanding its customer base and adding new products to its portfolio. The focus of the Company is to become a global level excellence company which can inspire people to outperform their potential to by exceeding the expectations set forth by customers, society as well as stakeholders.

With over four decades of responsible business practices, our businesses have grown into wide range including automotive sealing system, interior and exterior automotive part, rubber automotive sealing system, commercial tool room, pail containers, etc.

The company has a Joint Venture with Tokai Kogyo Company Limited for manufacture of rubber automotive sealing system.

The products manufactured by us are all engine-agnostic products and can be extended to the electric vehicles as well.

The global automotive industry is undergoing a paradigm shift towards less energy intensive options. India, too, is investing in this electric mobility shift. We have established 100% subsidiary known as PPAP Technology Limited to focus on this enormous opportunity.

The Company also rolled out aftermarket business named Elpis Components Distributors Private Limited, which is 100% subsidiary of PPAP. The focus is to develop and supply spare parts as well as premium car accessories and cleaning products for automobiles.

Automotive Parts Business:

Over the years, PPAP has emerged as one of the largest manufacturers of automotive sealing systems, interior, and exterior injection moulded products. The Company's performance has helped it gaining trust amongst customers. The Company serves almost all major OEMs in the passenger vehicle segment and caters the need of commercial and two-wheeler segment.

The Company has 5 manufacturing facilities for its OE business located at Noida (Uttar Pradesh), Surajpur (Uttar Pradesh), Pathredi (Rajasthan), Vallam Vadagal (Tamil Nadu) and Viramgam (Gujarat). The Company has also established three sales office for OE Business in Gurugram, Pune and Chennai. (The Company's product portfolio for Automotive Parts business is shown on page no 216)

Aftermarket business:

The Company has ventured into the after-market business as part of its growth and de-risking strategy. The Company through its wholly owned subsidiary company, namely Elpis Components Distributors Private Limited (“Elpis”) is engaged in this aftermarket business. The cornerstone of Elpis is to supply sustainable & reliable products. Elpis supplies spares as well as premium car accessories to the customer. Elpis is establishing a distribution network and has forayed into e-commerce by promoting the products on e-commerce websites (Amazon, Bodmo) as well as its own online shopping portal (shopelpis.com).

Elpis started this business with a warehouse in Okhla, New Delhi and currently spread to Dadri, Greater Noida for storage & distribution to PAN India and nearby countries like Nepal and Bhutan. (The Company’s product portfolio for premium car accessories business is shown on page no 217).

Commercial Tooling Business:

The Company commercialized its Tooling facility in 2019 to make plastic injection tooling. The tooling facility can develop Gas assist moulds, multi cavity moulds, hot runner with / without sequential valve gate etc. for the products having special requirements like chrome plating, painting, high gloss and graining. The commercial tooling facility is developing tooling for Automotive, Electrical, White Goods and Medical sector.

The Tooling facility is situated at Surajpur Industrial Area, Uttar Pradesh. (The Company’s tooling portfolio is shown on page no. 217).

Electric Vehicle Component Business

The Company has also ventured into the electric vehicle market by establishing a wholly owned subsidiary PPAP Technology Limited (“PTech”) in 2020. The purpose of PTech is to develop solutions for the mobility as well as energy storage system customers. PTech has in-house designing capabilities for battery packs. Apart from developing in house capability, PTech is tying up with renowned institutions and technology start-ups to develop value added solutions for its customers.

Our focus is on the enhancement of our in-house ‘R&D Testing facilities’ to conduct testing for batteries, Cells, Chargers, BMS etc. We are also working to strengthen our ‘After sales service’ by establishing service centres in North, South & East zones. The facility is in Noida, Uttar Pradesh. (The Company’s product portfolio is shown on page no. 217)

Pail Container Business

The Company has ventured into development of pail containers. Leveraging the know-how developed in the plastic injection molding technology, the Company realized this opportunity for customers in agriculture, lubrication, and paints sectors. The facility is located at Surajpur Industrial Area, Uttar Pradesh. (The Company’s pail containers portfolio is shown on page no. 217)

Opportunities and threats

Opportunities

- **“Electrification” – Capturing market opportunity in the growing EV space**

Electrification of vehicles is beneficial for the environment and is further likely to expand in the overall industry, promoting growth. The increasing number of electric vehicles is an indicator of the changing customer perception and will encourage OEMs and OEM partners to invest significantly. Moreover, India could be a leader in shared mobility by 2030, providing increased opportunities for electric and autonomous vehicles.

- **Affirmative Government Policies**

Government policies such as the recently announced 76,000 Cr. for the semiconductor manufacturing scheme, the extension of the FAME-II scheme till 2024, improved incentives for the 2-Wheelers segment, production-linked incentive (PLI) scheme for the Auto and Auto Component sector for 26,000 Cr., and PLI for advanced chemistry cell for 18,000 Cr. will provide enormous support as it implements innovative technologies.

- **Continue to focus on R&D to develop new and innovative systems and components**

With deep emphasis on R&D and innovation, we aspire to enhance and adopt newer technologies consistently.

Threats

- **Rise in Inflation**

Increase in borrowing cost and inflation has led to the increase in the cost of production of vehicles which may result in demand slow down and erosion in margins.

- **Product Complexity and Ever-changing Market Dynamics**

Product cycles are shrinking due to shortening technology cycles and rapidly changing customer needs, requiring real-time agility and visibility across the participants in the entire value chain. These are the most important factors capable of changing the demand or supply scenario in the market dynamics. Thus, several other digital & connected services have become the key value driver for automotive players.

- **Change in regulations and industry trends**

The automotive industry is subject to environmental and other regulations, and therefore any adverse impact on the industry in general and the Company's customers, due to any change in such rules, can affect its business.

Risks

- **Obsolescence in Technology**

The risk of obsolescence in technology is prominent. The Company manufactures a range of vehicle components that require ongoing technical updates to meet customer requirements.

- **Volatility in the Raw Material Prices**

The Company's business could be affected by commodity price volatility which could affect the overall cost of manufacturing operations.

- **Risk of losing the opportunity to alternate mobility solutions**

With the rise of electric cars as customers' preferred mode of transportation, the automotive sector is undergoing significant transformations, with new development areas in high-tech and electronic products and services. Similarly, auto-ancillary enterprises must engage in research and development to produce goods for the burgeoning growth area or risk becoming obsolete.

Outlook

Globally, the automobile industry is experiencing progressive changes that will result into a major transformation, resulting in high technological investments and higher consumer costs. Additionally, these adjustments have reached a point of inflexion. As a result, the industry would be disrupted, providing India's automotive component sector with a chance to innovate and produce high-quality goods at low rates, paving the path for the country to dominate in such an unpredictable scenario.

However, due to geopolitical concerns, supply-side restrictions caused by semiconductor shortage, rising inflation, and central bank monetary policy tightening, the domestic and global economic outlook will remain unclear in FY23. The Indian government is concentrating on growing the economy through various indigenous projects that will help India become AtmaNirbhar. Furthermore, these initiatives will assist the economy in overcoming and capitalising on the opportunities presented.

Financial Performance

Despite the challenging operational environment, the Company reported a revenue growth of 27.4% on stand-alone basis and 30.9% on a consolidated basis.

The consolidated EBITDA witnessed an increase of 17% during FY22 and stood at ₹ 38.6 Crores. The operating profit margin in FY22 is 2.94% against 3.10% in FY21. Significant changes in key financial ratios along with explanation forms part of Note no. 45 of standalone financial statements.

Internal Control System and their adequacy

The Indian industry has witnessed a major shift towards better internal controls with mandatory implementation of internal financial controls (IFC). The Company has put in place strong internal control, systems and processes and keeps reviewing their adequacy from time to time. There is a strong system of both internal review as well as review by external independent auditors.

Human Resources

Human Development is the key foundation of growth for the Company. The Company has embarked on a journey to develop the mind, body, and intellect of the people.

The Company has a strong and diverse workforce where every employee is involved as "partners in progress" of the Company. The Company believes in building a capable and agile workforce to achieve its business objectives. It continuously trains and prepares its people for the changing market scenario, maintain its competitive edge and unleash their full potential. PPAP's basic policy for training and development is the cultivation of "Teach and be Taught" culture to learn and pass on this knowledge and skills to the next generation. The Company has total 1830 employees as on March 31, 2022.

Safety, Health, and Environment

PPAP continually strives to accomplish ESG (Environment, Social and Governance) parameters.

PPAP is undertaking various environment management programmes & projects to reduce GHG footprints, energy & water intensity and waste reduction from its manufacturing operations aligning the SDGs (Sustainable Development Goals).

The key areas are:

- Prevent pollution and reduce environmental impacts.
- Waste optimization regulations.
- Governing chemicals; and
- Contribution towards global SDG

Several certifications adopted by PPAP in this area as elaborated below:

Independent Auditors' Report

TO THE MEMBERS OF PPAP AUTOMOTIVE LIMITED

Report on the Audit of IND AS Financial Statements

Opinion

We have audited the accompanying IND AS financial statements of **PPAP AUTOMOTIVE LIMITED** ("the Company"), which comprise the Balance Sheet as at 31 March 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the IND AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid IND AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("IND AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the IND AS financial statements under the provisions of the Companies Act, 2013 and the Rules issued there under and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p>Recoverable value assessment of property, plant and equipment</p> <p>The Company had considered possible effects that may result from the pandemic relating to COVID 19 and made detailed assessment of likely impact of the same on the recoverable value of property, plant and equipment in the previous year. During the current year, the Company re-assessed the carrying amount of property, plant and equipment to determine whether there is any indication that those assets have suffered an impairment loss. Where the carrying amount exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. An impairment loss (if any) is recognised in the statement of profit and loss. While assessing the recoverable amount, the Company used the discounted cash flow approach including various significant estimates and assumptions such as forecast of future revenue, operating margins, growth rate and selection of the discount rates. (Refer note no. 57 to the standalone financial statements)</p>	<p>Our audit procedures included, but were not restricted to:</p> <ul style="list-style-type: none"> • Evaluating the design and implementation, and testing the operating effectiveness of the relevant controls over determination of recoverable value of property, plant and equipment. • Re-assessing the accuracy and completeness of the information shared with the independent expert engaged by the management. • Re-evaluating the reasonableness of the valuation provided by the independent expert by challenging the significant assumptions used and estimates and judgements made in deriving the valuation with the help of internal fair value specialist. • Assessing the competence and independence of the valuation expert engaged by the Company for determining the replacement cost of property, plant and equipment. • Verification of accounting implications, if any, and appropriateness of disclosures in the financial statements. <p>Audit Conclusion: Our procedures did not identify any requirement for impairment in value of property, plant and equipment.</p>

We have determined that there are no other key audit matters to communicate in our report.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors/ management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the IND AS financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these IND AS financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (IND AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the IND AS financial statements, that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the IND AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors/Management are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the IND AS financial Statements

Our objectives are to obtain reasonable assurance about whether the IND AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these IND AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the IND AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the IND AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the IND AS financial statements, including the disclosures, and whether the IND AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the interim condensed standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, based on our audit we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including the Other Comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid IND AS Financial Statements comply with the Indian Accounting Standards specified under section 133 of the Act.

 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The dividend declared or paid during the year by the Company is in compliance with the Section 123 of the Act.
- 2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in "Annexure II" a statement on the matters specified in paragraphs 3 and 4 of the said Order, to the extent applicable.

ANNEXURE-I TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date) Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of subsection 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of **PPAP AUTOMOTIVE LIMITED** ("the Company") as of 31st March 2022 in conjunction with our audit of the IND AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on “Audit of Internal Financial Controls Over Financial Reporting” issued by the Institute of Chartered Accountants of India.

ANNEXURE- II TO THE INDEPENDENT AUDITOR'S REPORT**(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
 - a) (A) The company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - (B) The company has maintained proper records showing full particulars of intangible assets.
 - b) The Property, Plant and Equipment have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed assets has been physically verified by the management during the year and no material discrepancies were noticed on such verification.
 - c) According to the information and explanations given by the management, the title deeds of immoveable properties included in property, plant and equipment are held in the name of the Company.
 - d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
 - e) Based on audit procedures performed and the representation obtained from the management, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. a) As explained to us, inventories have been physically verified during the year by the management at reasonable intervals. In our opinion, the procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the company and the nature of its business. We are explained that no material discrepancies have been noticed on physical verification.
- b) During the year, the Company has been sanctioned working capital limits in excess of Rs 5 crore by banks based on the security of Current Assets. There are no material variations between the quarterly statement of current assets filed during the year with the banks and the books of accounts.
- iii. a) The Company has provided loans or advances in the nature of loans to its wholly owned subsidiary. The details of the same are given below:

Particulars	Loans
Aggregate amount during the year	
- Subsidiary	3255.67
Balance outstanding as at balance sheet date	
- Subsidiary	750.51

- b) The investments made, guarantees provided, security given and terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided are not, prima facie, prejudicial to the Company's interest.
- c) In respect of loans and advances in the nature of loans granted by the Company, the schedule of repayment of principal and the payment of the interest has not been stipulated.
- d) There is no amount which is overdue for more than 90 days in respect of loans or advances in the nature of loans granted to subsidiary company.
- e) The Company has not granted any loan or advance in the nature of loan which has fallen due during the year. Further, no fresh loans were granted to any party to settle the overdue loans/advances in nature of loan.

- f) The Company has granted loan or advance in the nature of loan which are repayable on demand or without specifying any terms or period of repayment, as per details below

Particulars	All Parties	Promoters	Related Parties
Aggregate of loans/advances in nature of loan - Repayable on demand (A) - Agreement does not specify any terms or period of repayment (B)	750.51	-	750.51
Total (A+B)	750.51	-	750.51
Percentage of loans/advances in nature of loan to the total loans	100%		100%

- iv. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act in respect of loans, investments, guarantees and security, as applicable.
- v. According to the information and explanations given to us, the Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi. Maintenance of Cost records has been specified by the Central Government. We have broadly reviewed such records and are of the opinion that prescribed accounts and records have been maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii. a) As per information and explanations given to us, the company is generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, goods and service tax, cess and other statutory dues with the appropriate authorities. As informed to us there are no outstanding statutory dues in arrears as at the last day of the financial year concerned for a period of more than six months from the date they became payable.
- b) We have been informed that following disputed demands in respect of VAT, excise duty and income tax have not been deposited on account of pending appeals:

Particular's	Period	Amount	Forum where appeal is pending
Sales Tax / VAT	2004-2005	45,441	Joint Commissioner of Sales Tax (Appeals)
Sales Tax / VAT	2011-12	5,24,112	Commercial Tax Tribunal (Noida, UP)
Sales Tax / VAT	2012-13	35,59,469	Commercial Tax Tribunal (Noida, UP)
Excise Duty	May, 2004 to July, 2004	2,11,792	Appellate Tribunal (CESTAT), Delhi
Excise Duty	April, 2015 to March, 2016	70,72,000	Appellate Tribunal (CESTAT), Delhi
Excise Duty	April, 2013 to June, 2017	4,10,05,000	Joint Commissioner Greater Noida / Alwar
Income Tax	A.Y. 2017-2018	41,37,000	Commissioner (Appeals), Delhi

- viii. Based on our audit procedures and on the basis of information and explanations given to us by the management, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. a) In our opinion and according to the information and explanations given by the management, the Company has not defaulted in repayment of loans or borrowings or in the payment of interest thereon to any bank or financial institution or government or any other lender during the year. The Company did not have any outstanding debentures during the year.
- b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- c) In our opinion and according to the information and explanations given by the management, the Company has utilized the monies raised by way of term loans for the purposes for which they were raised.
- d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the company, we report that no funds raised on short-term basis have, prima facie, been used for long-term purposes by the company.

- e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- f) According to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
- x. a) Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term Loans during the year. Accordingly, the provisions of clause 3 (x) of the Order are not applicable to the Company and hence not commented upon.
- b) The company has not made preferential allotment/private placement of shares or fully or partly or optionally convertible debentures during the year covered under the provisions of Section 42 and 62 of Companies Act 2013 during the year under review.
- xi. a) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the company and no material fraud on the Company has been noticed or reported during the year.
- b) We report that no report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- xii. The Company is not a Nidhi company and therefore clause 3(xii) of the Order related to such companies is not applicable to the Company.
- xiii. According to information and explanations given to us, we are of the opinion that all related party transactions are in compliance with the Section 177 and 188 of Companies Act, 2013. Necessary disclosures have been made in the financial statements as required by the applicable accounting standards.
- xiv. a) In our opinion and based on our examination, the company has an internal audit system commensurate with the size and nature of its business.
- b) We have considered the internal audit reports of the company issued till date, in determining the nature, timing and extent of our audit procedures.
- xv. Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.
- xvi. In our opinion, in view of its business activities, the Company is not required to be registered under Section 451A of Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- xvii. The company has not incurred cash losses in the financial year and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year and accordingly clause 3(xviii) of the Order is not applicable.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans, we are of the opinion that no material uncertainty exists as on the date of the audit report that company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.
- xx. According to the information and explanations given to us, the Company does not have any unspent amount in respect of any ongoing or other than ongoing project as at the expiry of the financial year. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.
- xxi. The reporting under clause 3(xxi) is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Notes to Financial Statements

for the year ended 31st March, 2022

1. Corporate information

PPAP AUTOMOTIVE LIMITED (“PPAP” or “the Company”) is a limited company domiciled in India and was incorporated on 18th October, 1995. The registered office of the Company is located at 54, Okhla Industrial Estate, Phase III, New Delhi - 110020, India. PPAP is a leading manufacturer of Automotive Sealing Systems, Interior and Exterior Automotive parts in India. The Company’s state of the art manufacturing facilities are located in Noida (UP), Greater Noida (UP), Chennai (Tamil Nadu) Pathredi (Rajasthan) and Ahmedabad (Gujarat).

The Company is listed on the BSE Limited and the National Stock Exchange of India Limited.

The financial statements of the Company for the year ended 31st March 2022 were authorized for issue in accordance with a resolution of the Directors on 13th May, 2022.

2. Significant accounting policies

2.1 Basis of preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

The financial statements have been prepared on accrual and going concern basis under the historical cost convention, except for the certain assets and liabilities which have been measured at different basis and such basis has been disclosed in relevant accounting policy.

The financial statements are presented in INR and all values are rounded to the nearest lakh (INR 00,000), except when otherwise indicated.

2.2 Significant accounting policies

a. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset/ liability is treated as current when it is:

- Expected to be realised or intended to be sold or consumed or settled in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised/settled within twelve months after the reporting period,
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

b. Property, plant and equipment

i. Tangible assets

Property, plant and equipment are stated at cost [i.e., cost of acquisition or construction inclusive of freight, erection and commissioning charges, non-refundable duties and taxes, expenditure during construction period, borrowing costs (in case of a qualifying asset) upto the date of acquisition/ installation], net of accumulated depreciation and accumulated impairment losses, if any.

When significant parts of property, plant and equipment (identified individually as component) are required to be replaced at intervals, the Company derecognizes the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Whenever major inspection/overhaul/repair is performed, its cost is recognized in the carrying amount of respective assets as a replacement, if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the statement of profit and loss.

Notes to Financial Statements

for the year ended 31st March, 2022

The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Property, plant and equipment are eliminated from financial statements, either on disposal or when retired from active use. Losses/gains arising in case retirement/disposals of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

Depreciation on property, plant and equipment are provided to the extent of depreciable amount on the straight line (SLM) Method. Depreciation is provided at the rates and in the manner prescribed in Schedule II to the Companies Act, 2013 except on some assets, where useful life has been taken based on internal technical evaluation as given below:

Particulars	Useful lives
Dies and Moulds	6 years

Leasehold Land and Leasehold Improvements are amortized over the period of the lease or the useful life of the asset, whichever is lower.

The residual values, useful lives and methods of depreciation/ amortization of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

ii. **Capital work in progress**

Capital work in progress includes construction stores including material in transit/ equipment / services, etc. received at site for use in the projects.

All revenue expenses incurred during construction period, which are exclusively attributable to acquisition / construction of fixed assets, are capitalized at the time of commissioning of such assets.

c. Investment properties

Investment properties held to earn rentals or for capital appreciation or both are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Depreciation is charged on a straight line basis over their estimated useful lives. Any gain or loss on disposal of investment property is determined as the difference between net disposal proceeds and the carrying amount of the property and is recognized in the statement of profit and loss. Transfer to, or from, investment property is done at the carrying amount of the property.

d. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment loss.

Intangible assets with finite lives (i.e. software and licenses) are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and method for an intangible asset is reviewed at least at the end of each reporting period.

Costs relating to computer software and technical know-how are capitalised and amortised on straight line method over their estimated useful economic life of six years.

Internally generated: Research & development Costs

- a) Expenditure on research activities is recognised in profit or loss as incurred.
- b) Development expenditure is capitalized as part of the cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in profit or loss as incurred. Subsequent to initial recognition, the asset is measured at cost less accumulated amortization and any accumulated impairment losses.

e. Borrowing costs

Borrowing costs are directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they occur.

Notes to Financial Statements

for the year ended 31st March, 2022

f. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

g. Inventories

Items of inventories are measured at lower of cost and net realizable value after providing for obsolescence, wherever considered necessary. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw material, stores and spares, packing materials, trading and other products are determined on moving weighted average basis. Work-in-progress is carried at cost or net realisable value whichever is lower.

h. Revenue Recognition

The Company derives revenues primarily from manufacturing and sale of automotive components and moulds.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

Arrangements with customers for sale of automotive components and moulds are mostly on a fixed – price basis.

Revenue from fixed-price contracts are recognised when the performance obligations are satisfied upon delivery of components to the customers and where there is no uncertainty as to measurement or collectability of consideration. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

The Company accounts for volume discounts and pricing incentives to customers as a reduction of revenue based on the rateable allocation of the discounts/ incentives to each of the underlying performance obligation that corresponds to the progress by the customer towards earning the discount/ incentive. Also, when the level of discount varies with increase in levels of revenue transactions, the Company recognizes the liability based on its estimate of the customer's future purchases. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognized until the payment is probable and the amount can be estimated reliably. The Company recognizes changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price.

Revenues in excess of invoicing are classified as contract assets (which we refer as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which we refer to as unearned revenues).

Dividend income is recognized when the right to receive payment is established.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

Foreign currency transactions

The Company's financial statements are presented in INR, which is also its functional currency.

Foreign currency transactions are initially recorded in functional currency using the exchange rates at the date the transaction.

Notes to Financial Statements

for the year ended 31st March, 2022

At each balance sheet date, foreign currency monetary items are reported using the exchange rate prevailing at the year end.

Exchange differences arising on settlement or translation of monetary items are recognised in statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

i. Taxes on income

Current tax

Current tax is measured at the amount expected to be paid/ recovered to/from the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised directly in equity/other comprehensive income is recognised under the respective head and not in the statement of profit & loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets are offset against current tax liabilities if, and only if, a legally enforceable right exists to set off the recognised amounts and there is an intention either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Minimum Alternate Tax (MAT), paid in accordance with the Income Tax Act, 1961 gives rise to expected future economic benefits in the form of adjustment of future tax liability arising within a specified period, is recognised as an asset only to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each balance sheet date and the carrying amount of MAT credit asset is written down to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date. Tax relating to items recognized directly in equity/other comprehensive income is recognized in respective head and not in the statement of profit & loss.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and is adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

j. Employee benefits

Short-term obligations

Liabilities for wages and salaries including non-monetary benefits that are expected to be settled within twelve months of rendering the service are recognised in the period in which the employee renders the related service and are measured at the undiscounted amount expected to be paid.

Other long-term employee benefit obligations

Other long-term employee benefits are recognised as an expense in the Statement of Profit and Loss as and when they accrue. The Company determines the liability using the Projected Unit Credit Method, with actuarial valuations carried out as at the balance sheet date. Actuarial gains and losses in respect of such benefits are charged to the Statement of Profit and Loss.

Notes to Financial Statements

for the year ended 31st March, 2022

Post-employment obligations

Defined contribution plans:

The Company makes payments made to defined contribution plans such as provident fund and employees' state insurance fund. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

Defined benefit plans:

The Company has defined benefit plan namely gratuity fund for employees. The gratuity fund is recognised by the income tax authorities and is administered through trust set up by the Company. Any shortfall in the size of the fund maintained by the trust is additionally provided for in profit or loss. The liability or asset recognised in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuary using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on Government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in profit or loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

k. Royalty

The Company pays/ accrues for royalty in accordance with the relevant licence agreement with the technical know-how provider. The lump sum royalty incurred towards obtaining technical assistance/ technical know-how and engineering support to manufacture new parts, ownership of which rests with the technical know-how provider, is recognised as an intangible asset. Royalty payable on sales of products i.e. running royalty is charged to the Statement of Profit and loss as and when incurred.

l. Leases

As a lessee:

The Company recognizes a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Lease Liability

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments.

Right of Use (ROU) Assets

The ROU assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Notes to Financial Statements

for the year ended 31st March, 2022

Whenever the Company incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets. The costs are included in the related right-of-use asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section 2.3, Impairment of non-financial assets.

ROU assets are depreciated over the shorter period of the lease term and useful life of the underlying asset. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life. The depreciation starts at the commencement date of the lease.

Lease liability and ROU asset is separately presented in the balance sheet and lease payments is classified as financing cash flows.

As a lessor :

The Company enters into lease arrangements as a lessor with respect to some of its investment properties and buildings. Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Company's net investment outstanding in respect of the leases.

m. Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability is disclosed in the case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from past events, when no reliable estimate is possible

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

Earnings per share

Basic earnings per equity share is computed by dividing the net profit after tax attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares during the year.

n. Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

(i) Ind AS 16- Property Plant and equipment:

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

Notes to Financial Statements

for the year ended 31st March, 2022

The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its Standalone financial statements.

(ii) Ind AS 37- Provisions, Contingent Liabilities and Contingent Assets:

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract consists of both

- a) the incremental costs of fulfilling that contract (examples would be direct labor, materials) and
- b) an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its Standalone financial statements.

(iii) Ind AS 109- Financial Instruments

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability.

The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its Standalone financial statements.

o. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

p. Fair value measurement

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

q. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Financial assets

Classification

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

Notes to Financial Statements

for the year ended 31st March, 2022

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in below categories:

- **Financial assets carried at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Financial assets at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

- **Financial assets at fair value through profit or loss**

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Derecognition

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Investment in subsidiaries, joint ventures and associates

The Company has accounted for its investment in subsidiaries, joint ventures and associates at cost less impairment loss, if any.

Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model for measurement and recognition of impairment loss, the calculation of which is based on historical data, on the financial assets that are trade receivables or contract revenue receivables and all lease receivables.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables and all lease receivables resulting from transactions within the scope of Ind AS 116.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

Notes to Financial Statements

for the year ended 31st March, 2022

ECL is the difference between all contractual cash flows that are due to the group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. On that basis, the Company estimates the following provision matrix at the reporting date:

	Less than 6 months	6 months -1 year	1-2 years	2-3 years	More than 3 years
Default rate	0.05%	1.00%	0.05%	50.00%	100.00%

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L.

b) Financial liabilities

Classification

The Company classifies all financial liabilities as subsequently measured at amortized cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

- **Financial liabilities at amortised cost**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

- **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms

Notes to Financial Statements

for the year ended 31st March, 2022

of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

c) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

d) Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts, interest rate swaps, full currency swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit and loss.

e) Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

When the grant relates to an asset, the cost of the asset is shown at gross value and grant thereon is treated as capital grant which is recognized as income in statement of profit and loss over the period and in proportion in which depreciation is charged.

When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset.

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

f) Unless specifically stated to be otherwise, these policies are consistently followed.

2.3 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities at the date of the financial statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

In particular, the Company has identified the following areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the financial statements. Changes in estimates are accounted for prospectively.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements.

Notes to Financial Statements

for the year ended 31st March, 2022

Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgments and the use of estimates regarding the outcome of future events.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgments in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(c) The fair value of the Company's Investment properties as at March 31, 2022, has been arrived at on the basis of valuation carried out at the respective date by an external, independent valuer. The fair value measurement for all the investments properties has been categorised as Level 2 based on the inputs to the valuation technique used. Considering the type of the assets, market approach (sales comparable method) to estimate the fair value of the subject properties is adopted.

The significant assumption used in the determination of fair value was the market price (per sqf).

Under market approach, fair value is estimated based on comparable transactions. The market approach is based upon the principle of substitution under which a potential buyer will not pay more for the property than it will cost to buy a comparable substitute property. The unit of comparison applied by the Company is the price per square feet ('sqf').

Attrition rate (above 44 years)	1.00%	1.00%
Retirement age	58 years	58 years

A quantitative sensitivity analysis for significant assumption as at 31st March, 2022 and 31st March, 2021 is as shown below:

Gratuity plan	Sensitivity level		Impact on defined benefit obligation	
	31.03.2022	31.03.2021	31.03.2022	31.03.2021
Assumptions				
Discount rate	+0.50%	+0.50%	(41.51)	(40.12)
	-0.50%	-0.50%	44.73	43.34
Future salary increases	+0.50%	+0.50%	44.89	43.40
	-0.50%	-0.50%	(41.99)	(40.51)

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. Sensitivities due to mortality and withdrawals are insignificant and hence ignored. Sensitivities as to rate of inflation, rate of increase of pensions in payments, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

41. Segment information

According to Ind AS 108, identification of operating segments is based on Chief Operating Decision Maker (CODM) approach for making decisions about allocating resources to the segment and assessing its performance. Based on the consideration of dominant sources and nature of risk & returns, the company is considered an automotive components manufacturer. Most of the activities are revolving around this business and accordingly has only one reportable segment. The geographical location of its main operations and the internal organization / reporting and management structure supports such treatment.

42. Dues to micro and small enterprises

The dues to micro and small enterprises as required under the Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act, 2006), to the extent information available with the Company is given below:

Valuation technique used to determine fair value:

- For cash and cash equivalents, trade receivables, loans other financial assets, short term borrowings, trade payables and other current financial liabilities the management assessed that they approximate their carrying amounts largely due to the short-term maturities of these instruments.
- The fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.

44. Financial risk management objectives and policies

The Company's principal financial liabilities, comprise borrowings, trade payables, and creditors for expenses. The Company's principal financial assets include investments, long term deposits, trade receivables, cash and short-term deposits / loan that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by the Board of Directors that advises on financial risks and the appropriate financial risk governance framework for the Company. The Board provides assurance to the Company's management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The management reviews and agrees policies for managing each of these risks, which are summarised below.

i. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include, deposits and FVTPL investments.

The sensitivity analysis of the above mentioned risk in the following sections relate to the position as at 31st March, 2022 and 31st March, 2021.

The analyses exclude the impact of movements in market variables on the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities.

The following assumptions have been made in calculating the sensitivity analyses:

- The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31st March, 2022 and 31st March, 2021.

A. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

	Increase / decrease in basis points	Effect on profit before tax
31.03.2022		
INR	+50	(47.28)
INR	-50	47.28
31.03.2021		
INR	+50	(26.97)
INR	-50	26.97

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

B. Foreign currency sensitivity

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency). Foreign currency risk sensitivity is the impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The following tables demonstrate the sensitivity to a reasonably possible change in USD, JPY and EURO exchange rates, with all other variables held constant. The Company's exposure to foreign currency changes for all other currencies is not material.

	Change in USD rate	Effect on profit before tax
31.03.2022	+5%	(1.59)
	-5%	1.59
31.03.2021	+5%	(15.80)
	-5%	15.80
	Change in JPY rate	Effect on profit before tax
31.03.2022	+5%	(1.06)
	(5%)	1.06
31.03.2021	+5%	(7.15)
	(5%)	7.15
	Change in EURO rate	Effect on profit before tax
31.03.2022	+5%	(0.01)
	(5%)	0.01
31.03.2021	+5%	-
	(5%)	-

The movement in the pre-tax effect on profit and loss is a result of a change in the fair value of monetary assets and liabilities denominated in foreign currency.

ii. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions.

Credit risk from investments with banks and other financial institutions is managed by the treasury functions in accordance with the management policies. Investments of surplus funds are only made with approved counterparties who meet the appropriate rating and /or other criteria, and are only made within approved limits. The management continually re-assess the Company's policy and update as required. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty failure. The maximum credit risk exposure relating to financial assets is represented by the carrying value as at the balance sheet date.

A. Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit review and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored.

At the year end the Company does not have any significant concentrations of bad debt risk other than disclosed in Note 11. An impairment analysis is performed at each reporting date on an individual basis for major clients. The calculation is based on historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 42. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets.

B. Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties.

iii. Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

Particulars	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	Total
Year ended 31.03.2022

Total	5,741.20	533.10	4,661.10	-	10,935.40

iv. Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. The Company is in automotive components manufacturing business and the management have assessed risk concentration as low.

45. Capital management

The objective of the Company's capital management structure is to ensure that there remains sufficient liquidity within the Company to carry out committed work programme requirements. The Company monitors the long term cash flow requirements of the business in order to assess the requirement for changes to the capital structure to meet that objective and to maintain flexibility.

The Company manages its capital structure and makes adjustments to it, in light of changes to economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital, issue new shares for cash, repay debt, put in place new debt facilities or undertake other such restructuring activities as appropriate. No changes were made in the objectives, policies or processes during the year ended 31st March, 2022.

53. Details of transactions with Struck-off Companies	Nil	Nil
54. Details of Benami Property	Nil	Nil
55. Title deeds of Immovable Properties not held in name of the Company	Nil	Nil
56. Critical judgements, estimates and assumptions		

1. Impairment of property, plant and equipment

The Company assesses the carrying amount of property, plant and equipment to determine whether there is any indication that those assets have suffered an impairment loss. Where the carrying amount exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. An impairment loss (if any) is recognised in the statement of profit and loss.

While assessing the recoverable amount, the Company used the discounted cash flow approach including various significant estimates and assumptions such as forecast of future revenue, operating margins, growth rate and selection of the discount rates.

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying value of property, plant and equipment, investments, inventories, receivables and other current assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company has used internal and external sources on the expected future performance of the Company and based on current estimates, the Company expects that the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company's financial results may differ from that estimated as at the date of approval of these financial results.

2. Loss Allowance on trade receivables

An impairment analysis of trade receivables is performed at each reporting period based on the Company's history of collections, customer's creditworthiness, existing market conditions as well as forward looking estimates. In calculating expected credit loss, the Company has also considered the likelihood of consequential default considering emerging situations due to COVID-19 and has taken into account estimates of possible effect from the pandemic relating to COVID-19. Basis this assessment, the allowance for doubtful trade receivables as at March 31, 2022 is considered adequate.

57. Note on going concern

The Company has considered possible effects that may result from the pandemic relating to COVID 19 and has made detailed assessment of its going concern assumption, liquidity position for next one year and believes that they can meet all their obligations. In view of the above, these accounts have been prepared on a going concern basis.

58. Additional disclosure / Regulatory Information as required by Notification no. GSR 207(E) dated 24.03.2021 which are not covered in any of the notes above

- (i) No proceedings have been initiated or pending against the company for holding any benami property under benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and the rules made thereunder.
- (ii) Reconciliation of quarterly statement of current assets filed with banks or financial statements
There are no material variations between the quarterly statement of current assets filed during the year with the banks and the books of accounts.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF PPAP AUTOMOTIVE LIMITED

Report on the audit of the Ind AS consolidated financial statements

Opinion

We have audited the Ind AS consolidated financial statements of PPAP Automotive Limited ("the Company"), its subsidiary companies and joint venture company (collectively referred to as "the Group") which comprise the consolidated balance sheet as at 31st March, 2022, and the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS consolidated financial statements, give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of their consolidated state of affairs of the Company as at 31st March, 2022, the consolidated loss, total consolidated comprehensive loss, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p>Recoverable value assessment of property, plant and equipment</p> <p>The Company had considered possible effects that may result from the pandemic relating to COVID 19 and made detailed assessment of likely impact of the same on the recoverable value of property, plant and equipment in the previous year. During the current year, the Company re-assessed the carrying amount of property, plant and equipment to determine whether there is any indication that those assets have suffered an impairment loss. Where the carrying amount exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. An impairment loss (if any) is recognised in the statement of profit and loss. While assessing the recoverable amount, the Company used the discounted cash flow approach including various significant estimates and assumptions such as forecast of future revenue, operating margins, growth rate and selection of the discount rates. (Refer note no. 57 to the consolidated financial statements)</p>	<p>Our audit procedures included, but were not restricted to:</p> <ul style="list-style-type: none"> • Evaluating the design and implementation, and testing the operating effectiveness of the relevant controls over determination of recoverable value of property, plant and equipment. • Re-assessing the accuracy and completeness of the information shared with the independent expert engaged by the management. • Re-evaluating the reasonableness of the valuation provided by the independent expert by challenging the significant assumptions used and estimates and judgements made in deriving the valuation with the help of internal fair value specialist. • Assessing the competence and independence of the valuation expert engaged by the Company for determining the replacement cost of property, plant and equipment. • Verification of accounting implications, if any, and appropriateness of disclosures in the financial statements. <p>Audit Conclusion: Our procedures did not identify any requirement for impairment in value of property, plant and equipment.</p>

We have determined that there are no other key audit matters to communicate in our report.

Information other than the consolidated financial statements and auditors' report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read such other information as and when made available to us and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance. We have nothing to report in this regard.

Management's Responsibility for the consolidated financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group and of its subsidiaries, associates and joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the

Group and its associates and joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint venture to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the interim condensed consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

1. In terms of clause (xxi) of para 3 of The Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms Section 143(11) of the Act, we report that no qualifications or adverse remarks have been made in the respective CARO reports of subsidiaries and Joint Venture Company whose financials have been consolidated in these financial statements.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Group so far as it appears from our examination of those books.
 - (c) The consolidated balance sheet, the consolidated statement of profit and loss including the consolidated Statement of other comprehensive income, the consolidated cash flow statement and consolidated statement of changes in equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
 - (d) In our opinion, the aforesaid Ind AS consolidated financial statements comply with the Ind AS Accounting specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

- (e) On the basis of the written representations received from the Directors of the Company, its subsidiary companies and joint venture company and taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2022 from being appointed as a Director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure I".
- (g) Due to inadequate annual profit, excess remuneration of ₹ 76,48,021/- each was paid to Mr. Ajay Kumar Jain, Chairman and Managing Director and Mr. Abhishek Jain, Chief Executive Officer and Managing Director of the Company in terms of section 197 read with Schedule V of Companies Act, 2013 and Company is proposing to take approval from shareholders on waiver of excess remuneration paid as per the provisions of Section 197 (10) of the Companies Act, 2013 within prescribed time period.. The remuneration paid to Mr. Ajay Kumar Jain, Chairman and Managing Director and Mr. Abhishek Jain, Chief Executive Officer and Managing Director of the Company were within the limits approved by the shareholders.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Group has disclosed the impact of pending litigations on its financial position in its Consolidated Ind AS financial statements.
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the holding Company or its subsidiary companies incorporated in India to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the holding Company or its subsidiary companies incorporated in India or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the holding Company or its subsidiary companies incorporated in India from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the holding Company or its subsidiary companies incorporated in India shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- (v) The dividend declared or paid during the year by the Holding Company is in compliance with the Section 123 of the Act.

ANNEXURE- I TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 2(f) under 'Report on other legal and regulatory requirements' section of our report of even date)

We have audited the internal financial controls over financial reporting of PPAP Automotive Limited ("the Company"), its subsidiary companies and joint venture company (collectively referred to as "the Group"), which are companies incorporated in India as of 31st March, 2022 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's responsibility for Internal Financial Controls

The respective Board of Directors of the Company and its joint venture and subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on "Audit of Internal Financial Controls over Financial Reporting" issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to these consolidated financial statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to these financial statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and Directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company, its joint venture and subsidiary companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on “Audit of Internal Financial Controls over Financial Reporting” issued by the Institute of Chartered Accountants of India.

2.1 Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

The consolidated financial statements have been prepared on a historical cost convention, except for the certain assets and liabilities which have been measured at different basis and such basis has been disclosed in relevant accounting policy.

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest lakh (INR 00,000), except when otherwise indicated.

2.2 Basis of Consolidation

(i) Subsidiaries

Subsidiary companies are entities over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiary companies are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date the control ceases. The group combines the financial statements of the parent and its subsidiary companies line by line adding together like items of assets, liabilities, equity, income and expenses. Inter company transactions, balance and unrealised gains on transactions between group companies are eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of change in equity and balance sheet respectively.

(ii) Associates

Associates are all entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% to 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting (see (iv) below), after initially being recognised at cost.

(iii) Joint arrangements

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. PPAP has one joint venture. Interests in joint ventures are accounted for using the equity method (see (iv) below), after initially being recognised at cost in the consolidated balance sheet.

(iv) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group’s share of the post-acquisition profits or losses of the investee in profit and loss, and the group’s share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognized as a reduction in the carrying amount of the investment.

Notes to Consolidated Financial Statements

for the year ended 31st March, 2022

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealized gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by Group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note 2.3 (f) below.

2.3 Significant accounting policies

a. Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset/ liability is treated as current when it is:

- Expected to be realised or intended to be sold or consumed or settled in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised/settled within twelve months after the reporting period;
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period; and
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

b. Property, plant and equipment

i) Tangible assets

Property, plant and equipment are stated at cost [i.e., cost of acquisition or construction inclusive of freight, erection and commissioning charges, non-refundable duties and taxes, expenditure during construction period, borrowing costs (in case of a qualifying asset) upto the date of acquisition / installation], net of accumulated depreciation and accumulated impairment losses, if any.

When significant parts of property, plant and equipment (identified individually as component) are required to be replaced at intervals, the Group derecognizes the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Whenever major inspection / overhaul / repair is performed, its cost is recognized in the carrying amount of respective assets as a replacement, if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the statement of profit and loss.

The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Property, plant and equipment are eliminated from financial statements, either on disposal or when retired from active use. Losses / gains arising in case retirement / disposals of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

Depreciation on property, plant and equipment are provided to the extent of depreciable amount on the straight line method (SLM). Depreciation is provided at the rates and in the manner prescribed in Schedule II to the Companies Act, 2013 except on some assets, where useful life has been taken based on internal technical evaluation as given below:

Particulars	Useful lives
Dies and Moulds	6 years

Notes to Consolidated Financial Statements

for the year ended 31st March, 2022

Leasehold Land and Leasehold Improvements are amortized over the period of the lease or the useful life of the asset, whichever is lower.

The residual values, useful lives and methods of depreciation / amortization of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

ii) **Capital work in progress**

Capital work in progress includes construction stores including material in transit / equipment / services, etc. received at site for use in the projects.

All revenue expenses incurred during construction period, which are exclusively attributable to acquisition / construction of fixed assets, are capitalized at the time of commissioning of such assets.

c. Investment properties

Investment properties held to earn rentals or for capital appreciation or both are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Depreciation is charged on a straight line basis over their estimated useful lives. Any gain or loss on disposal of investment property is determined as the difference between net disposal proceeds and the carrying amount of the property and is recognized in the statement of profit and loss. Transfer to, or from, investment property is done at the carrying amount of the property.

d. Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment loss.

Intangible assets with finite lives (i.e. software and licenses) are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and method for an intangible asset is reviewed at least at the end of each reporting period.

Costs relating to computer software and technical know-how are capitalised and amortised on straight line method over their estimated useful economic life of six years.

Internally generated: Research & development Costs

i) Expenditure on research activities is recognised in profit or loss as incurred.

ii) Development expenditure is capitalized as part of the cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Group intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in profit or loss as incurred. Subsequent to initial recognition, the asset is measured at cost less accumulated amortization and any accumulated impairment losses.

e. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they occur.

f. Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

Notes to Consolidated Financial Statements for the year ended 31st March, 2022

g. Inventories

Items of inventories are measured at lower of cost and net realizable value after providing for obsolescence, wherever considered necessary. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw material, stores and spares, packing materials, trading and other products are determined on weighted average basis. Work-in-progress is carried at cost or net realisable value whichever is lower.

h. Revenue Recognition

The Group derives revenues primarily from manufacturing and sale of automotive components and moulds.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

Arrangements with customers for sale of automotive components and moulds are mostly on a fixed – price basis.

Revenue from fixed-price contracts is recognised when the performance obligations are satisfied upon delivery of components to the customers and where there is no uncertainty as to measurement or collectability of consideration. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

The Group accounts for volume discounts and pricing incentives to customers as a reduction of revenue based on the rateable allocation of the discounts / incentives to each of the underlying performance obligation that corresponds to the progress by the customer towards earning the discount / incentive. Also, when the level of discount varies with increase in levels of revenue transactions, the Group recognizes the liability based on its estimate of the customer's future purchases. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognized until the payment is probable and the amount can be estimated reliably. The Group recognizes changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price.

Revenues in excess of invoicing are classified as contract assets (which we refer as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which we refer to as unearned revenues).

Dividend income is recognized when the right to receive payment is established.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

i. Foreign currency transactions

The Group's financial statements are presented in INR, which is also its functional currency.

Foreign currency transactions are initially recorded in functional currency using the exchange rates at the date the transaction.

At each balance sheet date, foreign currency monetary items are reported using the exchange rate prevailing at the year end.

Exchange differences arising on settlement or translation of monetary items are recognised in statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

j. Taxes on income

Current tax

Current tax is measured at the amount expected to be paid / recovered to / from the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised directly in equity / other comprehensive income is recognised under the respective head and not in the statement of profit & loss. Management periodically evaluates positions taken in the

Notes to Consolidated Financial Statements

for the year ended 31st March, 2022

tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets are offset against current tax liabilities if, and only if, a legally enforceable right exists to set off the recognised amounts and there is an intention either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Minimum Alternate Tax (MAT), paid in accordance with the Income Tax Act, 1961 gives rise to expected future economic benefits in the form of adjustment of future tax liability arising within a specified period, is recognised as an asset only to the extent there is convincing evidence that the Group will pay normal income tax during the specified period. Such asset is reviewed at each balance sheet date and the carrying amount of MAT credit asset is written down to the extent there is no longer convincing evidence to the effect that the Group will pay normal income tax during the specified period.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date. Tax relating to items recognized directly in equity / other comprehensive income is recognized in respective head and not in the statement of profit & loss.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and is adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

k. Employee benefits

Short-term obligations

Liabilities for wages and salaries including non-monetary benefits that are expected to be settled within twelve months of rendering the service are recognised in the period in which the employee renders the related service and are measured at the undiscounted amount expected to be paid.

Other long-term employee benefit obligations

Other long-term employee benefits are recognised as an expense in the statement of profit and loss as and when they accrue. The Group determines the liability using the Projected Unit Credit Method, with actuarial valuations carried out as at the balance sheet date. Actuarial gains and losses in respect of such benefits are charged to the statement of profit and loss.

Post-employment obligations

Defined contribution plans:

The Group makes payments made to defined contribution plans such as provident fund and employees' state insurance fund. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

Defined benefit plans:

The Group has defined benefit plan namely gratuity fund for employees. The gratuity fund is recognised by the income tax authorities and is administered through trusts set up by the Group. Any shortfall in the size of the fund maintained by the trust is additionally provided for in profit or loss. The liability or asset recognised in the balance sheet in respect of gratuity

Notes to Consolidated Financial Statements

for the year ended 31st March, 2022

plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuary using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on Government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in profit or loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

i. Royalty

The Group pays/ accrues for royalty in accordance with the relevant licence agreement with the technical know-how provider. The lump sum royalty incurred towards obtaining technical assistance / technical know-how and engineering support to manufacture new parts, ownership of which rests with the technical know-how provider, is recognised as an intangible asset. Royalty payable on sales of products i.e. running royalty is charged to the statement of Profit and loss as and when incurred.

m. Leases

As a lessee:

The Group recognizes a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Lease Liability

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments.

Right of Use (ROU) Assets

The ROU assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever the Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets. The costs are included in the related right-of-use asset.

Notes to Consolidated Financial Statements

for the year ended 31st March, 2022

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section 2.3, Impairment of non-financial assets.

ROU assets are depreciated over the shorter period of the lease term and useful life of the underlying asset. If the Group is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life. The depreciation starts at the commencement date of the lease.

Lease liability and ROU asset is separately presented in the balance sheet and lease payments is classified as financing cash flows.

As a lessor :

The Group enters into lease arrangements as a lessor with respect to some of its investment properties and buildings.

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases.

n. Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability is disclosed in the case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from past events, when no reliable estimate is possible

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

o. Earnings per share

Basic earnings per equity share is computed by dividing the net profit after tax attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares during the year.

p. Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 16- Property Plant and equipment:

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

Notes to Consolidated Financial Statements for the year ended 31st March, 2022

The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Group has evaluated the amendment and there is no impact on its Standalone financial statements.

Ind AS 37- Provisions, Contingent Liabilities and Contingent Assets:

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract consists of both

- a) the incremental costs of fulfilling that contract (examples would be direct labor, materials) and
- b) an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Group has evaluated the amendment and there is no impact on its Standalone financial statements.

Ind AS 109- Financial Instruments

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognize a financial liability.

The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Group has evaluated the amendment and there is no impact on its Standalone financial statements.

q. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

r. Fair value measurement

The Group measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the balance sheet on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

s. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Financial assets

Classification

The Group classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

Notes to Consolidated Financial Statements

for the year ended 31st March, 2022

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in below categories:

- **Financial assets carried at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Financial assets at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Group has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

- **Financial assets at fair value through profit or loss**

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Derecognition

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

Investment in subsidiaries, joint ventures and associates

The Group has accounted for its investment in subsidiaries, joint ventures and associates at cost.

Impairment of financial assets

The Group assesses impairment based on expected credit losses (ECL) model for measurement and recognition of impairment loss, the calculation of which is based on historical data, on the financial assets that are trade receivables or contract revenue receivables and all lease receivables.

The Group follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables or contract revenue receivables and all lease receivables resulting from transactions within the scope of Ind AS 17

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

Notes to Consolidated Financial Statements

for the year ended 31st March, 2022

ECL is the difference between all contractual cash flows that are due to the group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

As a practical expedient, the Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed. On that basis, the Group estimates the following provision matrix at the reporting date:

	Less than 6 months	6 months - 1 year	1-2 years	2-3 years	More than 3 years
Default rate	0.05%	1.00%	0.05%	50.00%	100.00%

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L.

(b) Financial liabilities

Classification

The Group classifies all financial liabilities as subsequently measured at amortized cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

- **Financial liabilities at amortised cost**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

- **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

Notes to Consolidated Financial Statements

for the year ended 31st March, 2022

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

(c) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(d) Derivative financial instruments

The Group uses derivative financial instruments, such as forward currency contracts, interest rate swaps, full currency swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit and loss.

t. Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

When the grant relates to an asset, the cost of the asset is shown at gross value and grant thereon is treated as capital grant which is recognized as income in statement of profit and loss over the period and in proportion in which depreciation is charged.

When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

When the Group receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset.

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favorable interest is regarded as a government grant. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

u. Unless specifically stated to be otherwise, these policies are consistently followed.

2.4 Significant accounting judgements, estimates and assumptions

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities at the date of the financial statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

In particular, the Group has identified the following areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the financial statements. Changes in estimates are accounted for prospectively.

Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:

Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Group, including legal, contractor, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgments and the use of estimates regarding the outcome of future events.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(a) Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

(b) Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(c) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(d) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgments in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

35. Earnings Per Share (EPS)

Basic and Diluted EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year. Diluted EPS are calculated by dividing the profit for the year attributable to the equity holders of the Company by weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

36. Employee benefit plans

Defined contribution plans - general description

Retirement benefits in the form of provident fund, superannuation fund and national pension scheme are defined contribution schemes. The Company has no obligation, other than the contribution payable to the provident fund. The Company's contribution to the provident fund is ₹ 257.13 lacs (31st March, 2021: ₹ 238.93 lacs).

Defined benefit plans - general description

Gratuity

The Company has a defined benefit gratuity plan. Gratuity is computed as 15 days salary, for every completed year of service or part thereof in excess of 6 months and is payable on retirement / termination / resignation. The benefit vests on the employee completing 5 years of service. The Company makes provision of such gratuity asset / liability in the books of accounts on the basis of actuarial valuation as per the projected unit credit method.

The following tables summarise the components of net benefit expense recognised in the statement of profit & loss and the funded status and amounts recognised in the balance sheet for the gratuity plan:

Changes in the present value of the defined benefit obligation are as follows:	31.03.2022	31.03.2021
Defined benefit obligation at the beginning of the year	832.04	859.41

Actuarial (gain) / loss arising from experience adjustments	36.46	(65.60)
Amount recognised in other comprehensive income	25.37	(98.19)

The principal assumptions used in determining gratuity liability for the Company's plans are shown below:

	31.03.2022	31.03.2021
Discount rate	7.18%	6.80%
Expected rate of return on plan assets	NA	NA
Future salary increases	5.25%	5.00%
Attrition rate (up to 30 years)	3.00%	3.00%
Attrition rate (from 31 to 44 years)	2.00%	2.00%
Attrition rate (above 44 years)	1.00%	1.00%
Retirement age	58 years	58 years

A quantitative sensitivity analysis for significant assumption as at 31st March, 2022 and 31st March, 2021 is as shown below:

Gratuity plan	Sensitivity level		Impact on defined benefit obligation	
	31.03.2022	31.03.2021	31.03.2022	31.03.2021
Assumptions				
Discount rate	+0.50%	+0.50%	(41.72)	(40.12)
	-0.50%	-0.50%	44.96	43.34
Future salary increases	+0.50%	+0.50%	45.12	43.40
	-0.50%	-0.50%	(42.20)	(40.51)

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. Sensitivities due to mortality and withdrawals are insignificant and hence ignored. Sensitivities as to rate of inflation, rate of increase of pensions in payments, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

Company's best estimate of expense for the next Annual reporting period is ₹ 128.00 lacs (31st March, 2021: ₹ 127.22 lacs).

The expected maturity analysis of undiscounted gratuity is as follows:	31.03.2022	31.03.2021
Within the next 12 months (next annual reporting period)	66.70	68.64
Between 1 to 2 years	42.50	38.24
Between 2 to 3 years	24.90	37.34
Between 3 to 4 years	35.35	21.85
Between 4 to 5 years	44.43	30.28
Between 5 to 6 years	36.44	39.91
Over 6 years	637.11	595.78
Total expected payments	887.42	832.04

The weighted average duration of the defined benefit plan obligation at the end of the reporting period is 16.44 years (31st March, 2021: 16.55 years)

41. Segment information

According to Ind AS 108, identification of operating segments is based on Chief Operating Decision Maker (CODM) approach for making decisions about allocating resources to the segment and assessing its performance. Based on the consideration of dominant sources and nature of risk & returns, the company is considered an automotive components manufacturer. Most of the activities are revolving around this business and accordingly has only one reportable segment. The geographical location of its main operations and the internal organization / reporting and management structure supports such treatment.

42. Dues to micro and small enterprises

The dues to micro and small enterprises as required under the Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act, 2006), to the extent information available with the Company is given below:

(ii) Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurements as a whole.

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: valuation techniques for which the lowest level inputs that has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3: valuation techniques for which the lowest level input which has a significant effect on fair value measurement is not based on observable market data.

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities, other than those whose fair values are close approximations of their carrying values.

Financial assets and liabilities measured at fair value-recurring fair value measurements for which fair values are disclosed at 31st March, 2022

Foreign currency forward contracts	31.03.2021	3.07	3.07	-	-

There have been no transfers between Level 1 and Level 2 during the period.

Valuation technique used to determine fair value:

- For cash and cash equivalents, trade receivables, loans other financial assets, short term borrowings, trade payables and other current financial liabilities the management assessed that they approximate their carrying amounts largely due to the short-term maturities of these instruments.
- The fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.

44. Financial risk management objectives and policies

The Company's principal financial liabilities, comprise borrowings, trade payables, and creditors for expenses. The Company's principal financial assets include investments, long term deposits, trade receivables, cash and short-term deposits / loan that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by the Board of Directors that advises on financial risks and the appropriate financial risk governance framework for the Company. The Board provides assurance to the Company's management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The management reviews and agrees policies for managing each of these risks, which are summarised below.

i. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include, deposits and FVTPL investments.

The sensitivity analysis of the above mentioned risk in the following sections relate to the position as at 31st March, 2022 and 31st March, 2021.

The analyses exclude the impact of movements in market variables on the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities.

The following assumptions have been made in calculating the sensitivity analyses:

- The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31st March, 2022 and 31st March, 2021.

A. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

	Increase / decrease in basis points	Effect on profit before tax
31.03.2022		
INR	+50	(59.15)
INR	-50	59.15
31.03.2021		
INR	+50	(25.68)
INR	-50	25.68

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

B. Foreign currency sensitivity

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency). Foreign currency risk sensitivity is the impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The following tables demonstrate the sensitivity to a reasonably possible change in USD, JPY and EURO exchange rates, with all other variables held constant. The Company's exposure to foreign currency changes for all other currencies is not material.

	Change in USD rate	Effect on profit before tax
31.03.2022	+5%	(1.59)
	-5%	1.59
31.03.2021	+5%	(15.80)
	-5%	15.80
	Change in JPY rate	Effect on profit before tax
31.03.2022	+5%	(1.06)
	(5%)	1.06
31.03.2021	+5%	(7.15)
	(5%)	7.15
	Change in EURO rate	Effect on profit before tax
31.03.2022	+5%	(0.01)
	(5%)	0.01
31.03.2021	+5%	-
	(5%)	-

The movement in the pre-tax effect on profit and loss is a result of a change in the fair value of monetary assets and liabilities denominated in foreign currency.

ii. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions.

Credit risk from investments with banks and other financial institutions is managed by the treasury functions in accordance with the management policies. Investments of surplus funds are only made with approved counterparties who meet the appropriate rating and /or other criteria, and are only made within approved limits. The management continually re-assess the Company's policy and update as required. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty failure. The maximum credit risk exposure relating to financial assets is represented by the carrying value as at the balance sheet date.

A. Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit review and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored.

At the year end the Company does not have any significant concentrations of bad debt risk other than disclosed in Note 11. An impairment analysis is performed at each reporting date on an individual basis for major clients. The calculation is based on historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 42. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets.

B. Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties.

iv. Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. The Company is in automotive components manufacturing business and the management have assessed risk concentration as low.

45. Capital management

The objective of the Company's capital management structure is to ensure that there remains sufficient liquidity within the Company to carry out committed work programme requirements. The Company monitors the long term cash flow requirements of the business in order to assess the requirement for changes to the capital structure to meet that objective and to maintain flexibility.

The Company manages its capital structure and makes adjustments to it, in light of changes to economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital, issue new shares for cash, repay debt, put in place new debt facilities or undertake other such restructuring activities as appropriate. No changes were made in the objectives, policies or processes during the year ended 31st March, 2022.

56. Critical judgements, estimates and assumptions

1. Impairment of property, plant and equipment

The Company assesses the carrying amount of property, plant and equipment to determine whether there is any indication that those assets have suffered an impairment loss. Where the carrying amount exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. An impairment loss (if any) is recognised in the statement of profit and loss.

While assessing the recoverable amount, the Company used the discounted cash flow approach including various significant estimates and assumptions such as forecast of future revenue, operating margins, growth rate and selection of the discount rates.

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying value of property, plant and equipment, investments, inventories, receivables and other current assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company has used internal and external sources on the expected future performance of the Company and based on current estimates, the Company expects that the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company's financial results may differ from that estimated as at the date of approval of these financial results.

2. Loss Allowance on trade receivables

An impairment analysis of trade receivables is performed at each reporting period based on the Company's history of collections, customer's creditworthiness, existing market conditions as well as forward looking estimates. In calculating expected credit loss, the Company has also considered the likelihood of consequential default considering emerging situations due to COVID-19 and has taken into account estimates of possible effect from the pandemic relating to COVID-19. Basis this assessment, the allowance for doubtful trade receivables as at March 31, 2022 is considered adequate.

57. Note on going concern

The Company has considered possible effects that may result from the pandemic relating to COVID 19 and has made detailed assessment of its going concern assumption, liquidity position for next one year and believes that they can meet all their obligations. In view of the above, these accounts have been prepared on a going concern basis.
